

EMBO  
Molecular Medicine

# Molecular

Insights for Innovative

# Therapies

1–3 December 2011 | EMBL Heidelberg | Germany

## KEYNOTE LECTURES

**Philippe Sansonetti**  
Pasteur Institute, FR

**Edison Liu**  
Genome Institute of Singapore, SG

## ORGANIZER

**Stefanie Dimmeler**  
Goethe University Frankfurt, DE  
Chief Editor of EMBO Molecular Medicine

Abstract deadline  
**1 November 2011**

Registration deadline  
**15 November 2011**

**DAY PASSES  
AVAILABLE**

## SPEAKERS

**Kari Alitalo**  
University of Helsinki, FI

**Stylianos Antonarakis**  
University of Geneva  
Medical School, CH

**Karen Avraham**  
Tel Aviv University, IL

**Yann Barrandon**  
Ecole Polytechnique Fédérale de  
Lausanne (EPFL), CH

**Anne Brunet**  
Stanford University  
School of Medicine, US

**Peter Carmeliet**  
Katholieke Universiteit Leuven, BE

**Giulio Cossu**  
San Raffaele Scientific Institute, IT

**Bart de Strooper**  
Katholieke Universiteit Leuven, BE

**Ivan Dikic**  
Goethe University Frankfurt  
Medical School, DE

**Peter Dirks**  
University of Toronto, CA

**Matthias Hentze**  
EMBL, DE

**Sakari Kauppinen**  
Santaris Pharma, DK

**Anthony Monaco**  
University of Oxford, UK

**Salvador Moncada**  
University College London, UK

**Edward Morrisey**  
University of Pennsylvania, US

**Manolis Pasparakis**  
University Cologne, DE

**Austin Smith**  
University of Cambridge, UK

**Giulio Superti-Furga**  
CeMM Research Center for  
Molecular Medicine, AT

**Christof von Kalle**  
National Center for  
Tumor Diseases, DE

**Christian Weber**  
Institute for Prophylaxis & Epidemiology  
of Cardiovascular Diseases, DE

## SESSIONS

**Keynote:** Microbiota and pathogens

**Keynote:** Systems medicine

Combating cardiovascular disease

Stem cells: Friends or foes?

miRNAs as new therapeutic and diagnostic targets

Genetic and epigenetic basis of human disease

Molecular and cellular interactions in inflammation

**EMBO**  
excellence in life sciences
